Zii / Drive Chairs and Tables

Drive Table

“Wow!” is all you can say when you first see the Zii chair and Drive table!! Never before has grace and style met the practicality of exquisitely designed folding chairs that attach to a state-of-the-art flip-top table. With a flair for the dramatic, once the chairs are attached, the whole set nests together for dramatic space savings. The cool high quality casters allow for mobility of the chairs and tables together. *The table shown features Wilsonart Designer White laminate with matching P3 edge.*

Mini-Drive Table

Flexibility, mobility, and easy storage are the names of the game with the new Mini-Drive tables. These gracefully designed individual units allow for maximum flexibility in room setup. Whether you need 10 set up in a conference circle or 400 in a classroom setting, the Mini-Drive does the job. When storage or reconfiguration is required, simply flip the top, fold and attach the chair, nest the set, and move it away - it's just that elegantly simple. *The tables pictured feature Liri Blue Ash Pesca laminate with P6 vinyl edge in 376 Dolphin and Chrome chairs in 004 Folkstone polypropylene.*

Zii Chair

The flowing grace of the Zii chair chrome legs set the new standard for folding chair design. Zii folding chairs feature polypropylene seats and backs for easy maintenance. An upholstered version including black leather is also available. *The Zii chairs are shown here in 004 Folkstone polypropylene.*

f e a t u r e s a n d o p t i o n s

Chrome Legs The subtle arch of the Drive leg nicely complements the Zii chair while adding beauty and durability.

Casters The Drive table features cool heavy-duty braking casters.

Cable Management The optional cable management brackets attach directly to the table beam (shown center right).

Chair Bracket The chair bracket (featured lower right), allows for two chairs per bracket (up to 6 chairs per table on 60" and 72" models).

Heavy-Duty Flip Mechanism The Drive table features a heavy-duty positive locking flip device with easy to locate actuating handles (shown below right corner).

Modesty Panel Add a fabric modesty panel for both design and function.
